Welcome to the Rise School of Denver's

7th Annual

Rise & Shine

Golf Tournament

Dear Friends of The Rise School of Denver,

Thanks to your overwhelming generosity in the past, we are thrilled to report the following recent accomplishments:

- Four-Star rating from Qualistar Early Learning, the leading measurement of preschool programs in Colorado
- In 2007, The Rise School won the Charles L. Tutt Award for Excellence in Education given by the El Pomar Foundation
- All 30% of families who qualified for financial aid received it for their child to benefit from our programs
- Through participation in a six-hour preschool day, over 90% of children reach the majority of the six-month goals outlined for them at the beginning of the year
- Improvements to our environment include a new playground structure
- The Rise School continues to enhance their therapeutic intervention programs. Last year we doubled the amount of time children receive music therapy.
- Nineteen children have officially graduated from our program, with parents and current teachers reporting that children were ready for their kindergarten experience and are doing well

About The Rise School

Research shows that early intervention in a child's life will provide the means to become a productive, independent and social community member. The Rise Program strives to encompass key developmental aspects that will have a meaningful and lasting impact on each child and family. The Rise School of Denver began in 2003 when a group of motivated parents concluded that the Metro area needed a comprehensive preschool program that focused on early intervention for children with disabilities. Modeled after the Alabama Rise School which opened in 1974, the program offers: full day, small class sizes, excellent teacher-to-children ratio, an inclusive environment and the delivery of therapies within the context of the preschool day, to children with and without identified special needs such as Down Syndrome, Cerebral Palsy and Angelman Syndrome.

The Rise School
OF DENVER
"Where Special Kids Shine"

March 12, 2009

Dear fellow golfers,

The "Rise & Shine" Golf tournament benefiting The Rise School of Denver will be held on June 15th, 2009 and now is your best opportunity to purchase sponsorships and foursomes! Last years golf tournament raised more than \$85,000.00 with all proceeds going directly to support the educational and therapeutic programs at The Rise School of Denver.

This year The Rise School will serve more than 50 children in our "one of a kind" inclusive early childhood education program. Fifty percent of the children who attend Rise have a developmental delay caused by Down syndrome, autism, Angelman's syndrome or other medical condition. What makes Rise unique are the highly educated teaching staff, low 3:1 student teacher ratios, integrated therapies and full-time schedule. The inclusive environment at The Rise School also benefits typically developing children as they learn important lessons in diversity and compassion playing and learning beside their "special needs" peers.

As with past years we have many, many great door prizes. Improve your odds of winning by buying raffle tickets; no limit on the number of tickets you may purchase. I hope you have a great day of golf, good eats and camaraderie as you support The Rise School of Denver. Don't forget to support our generous sponsors. Have fun and low scores!! FORE!

With heartfelt thanks,

Mark E Graham
Executive Director
The Rise School of Denver
